THIS, IS A NEW WORLD

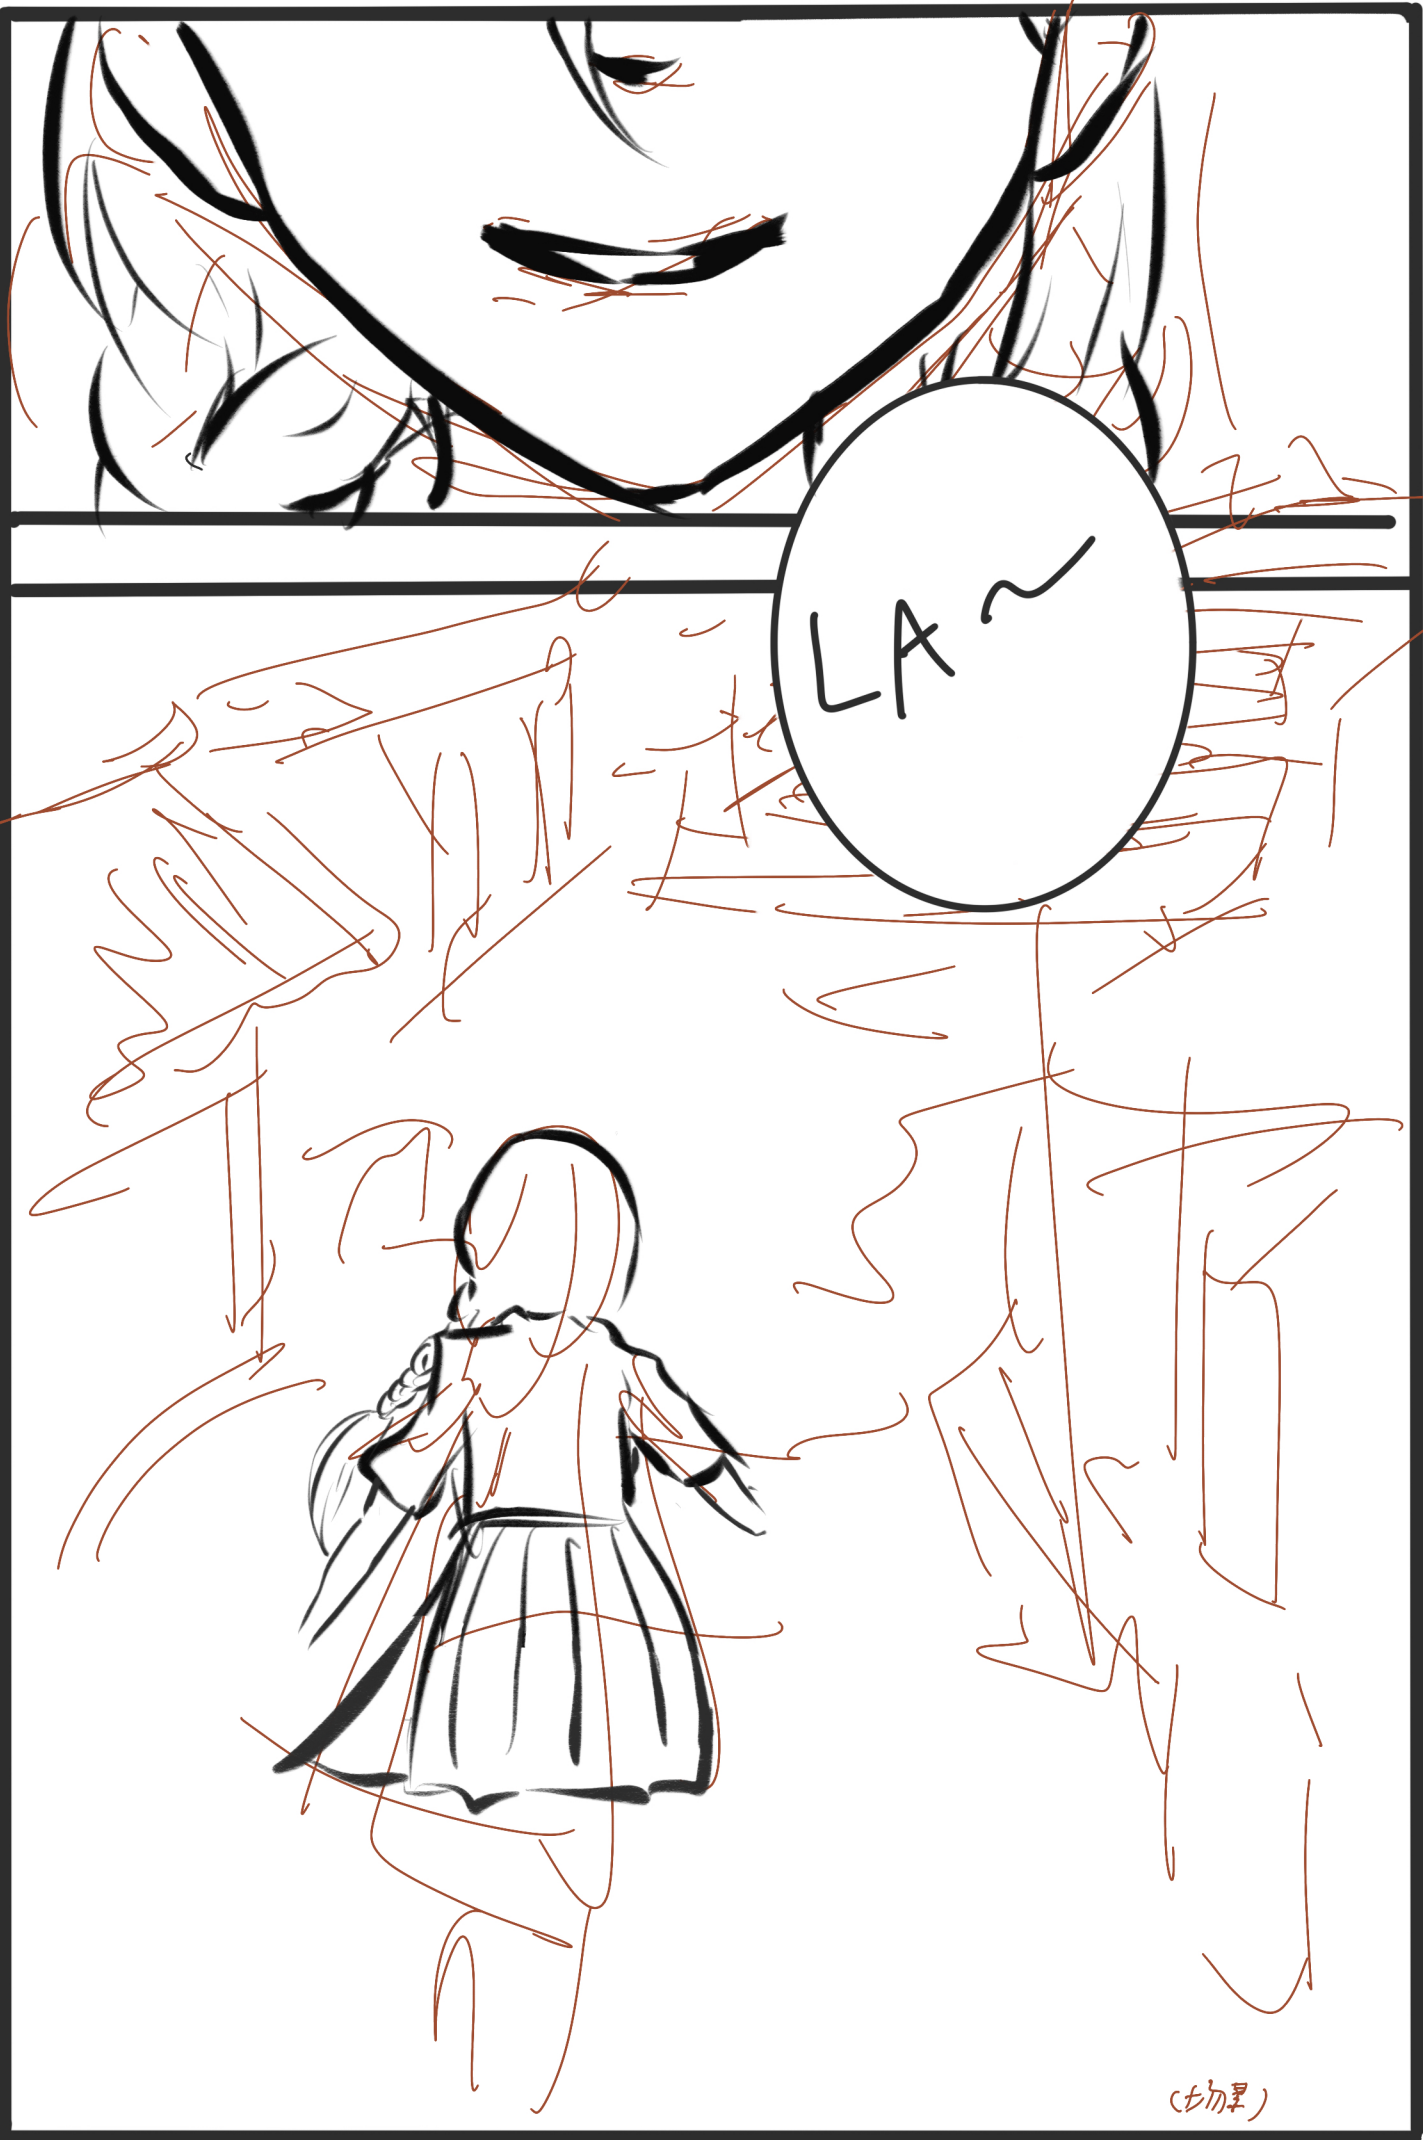

Everyone can get a "Spirit animal" when they turn sixteen years old.

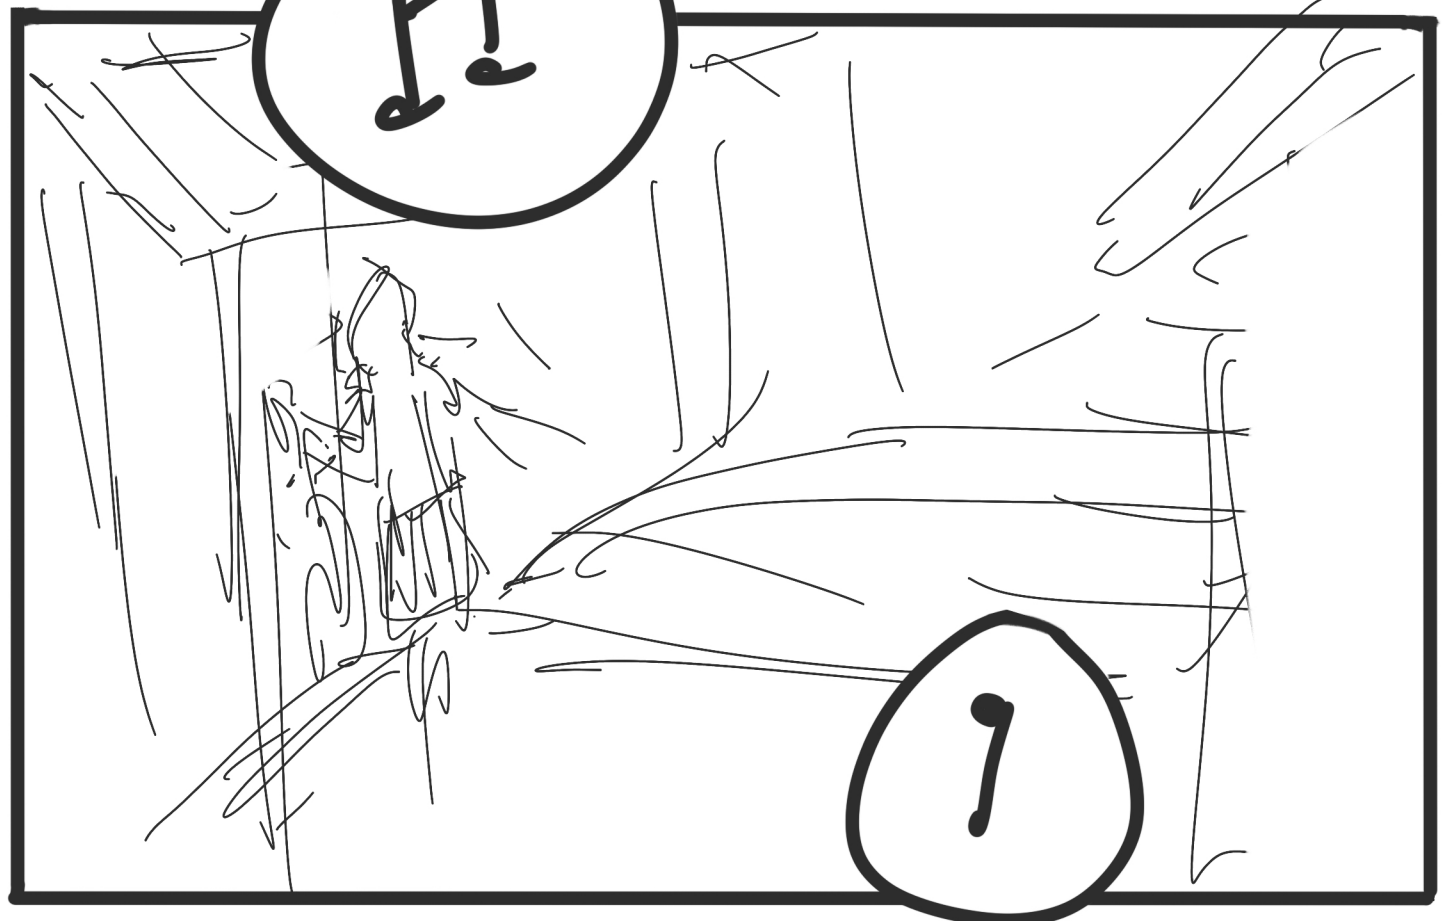

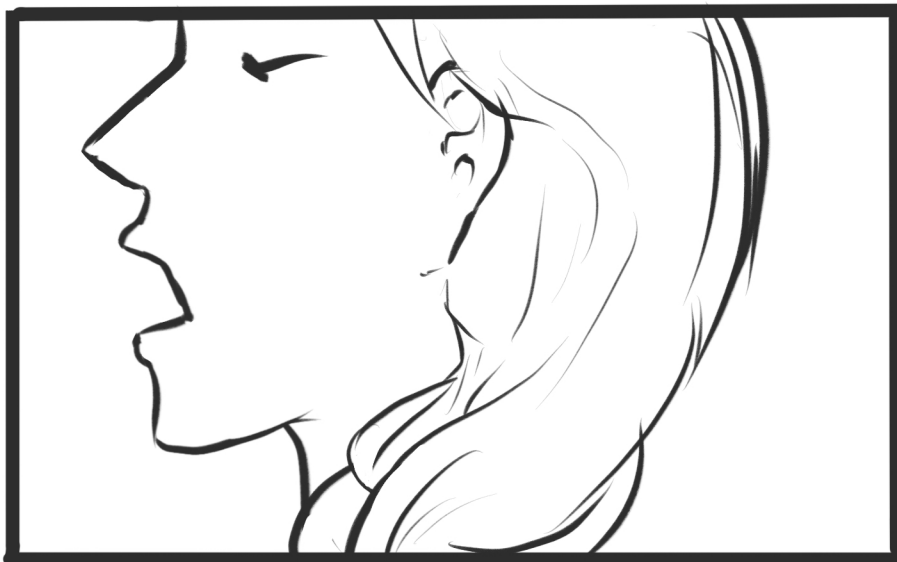

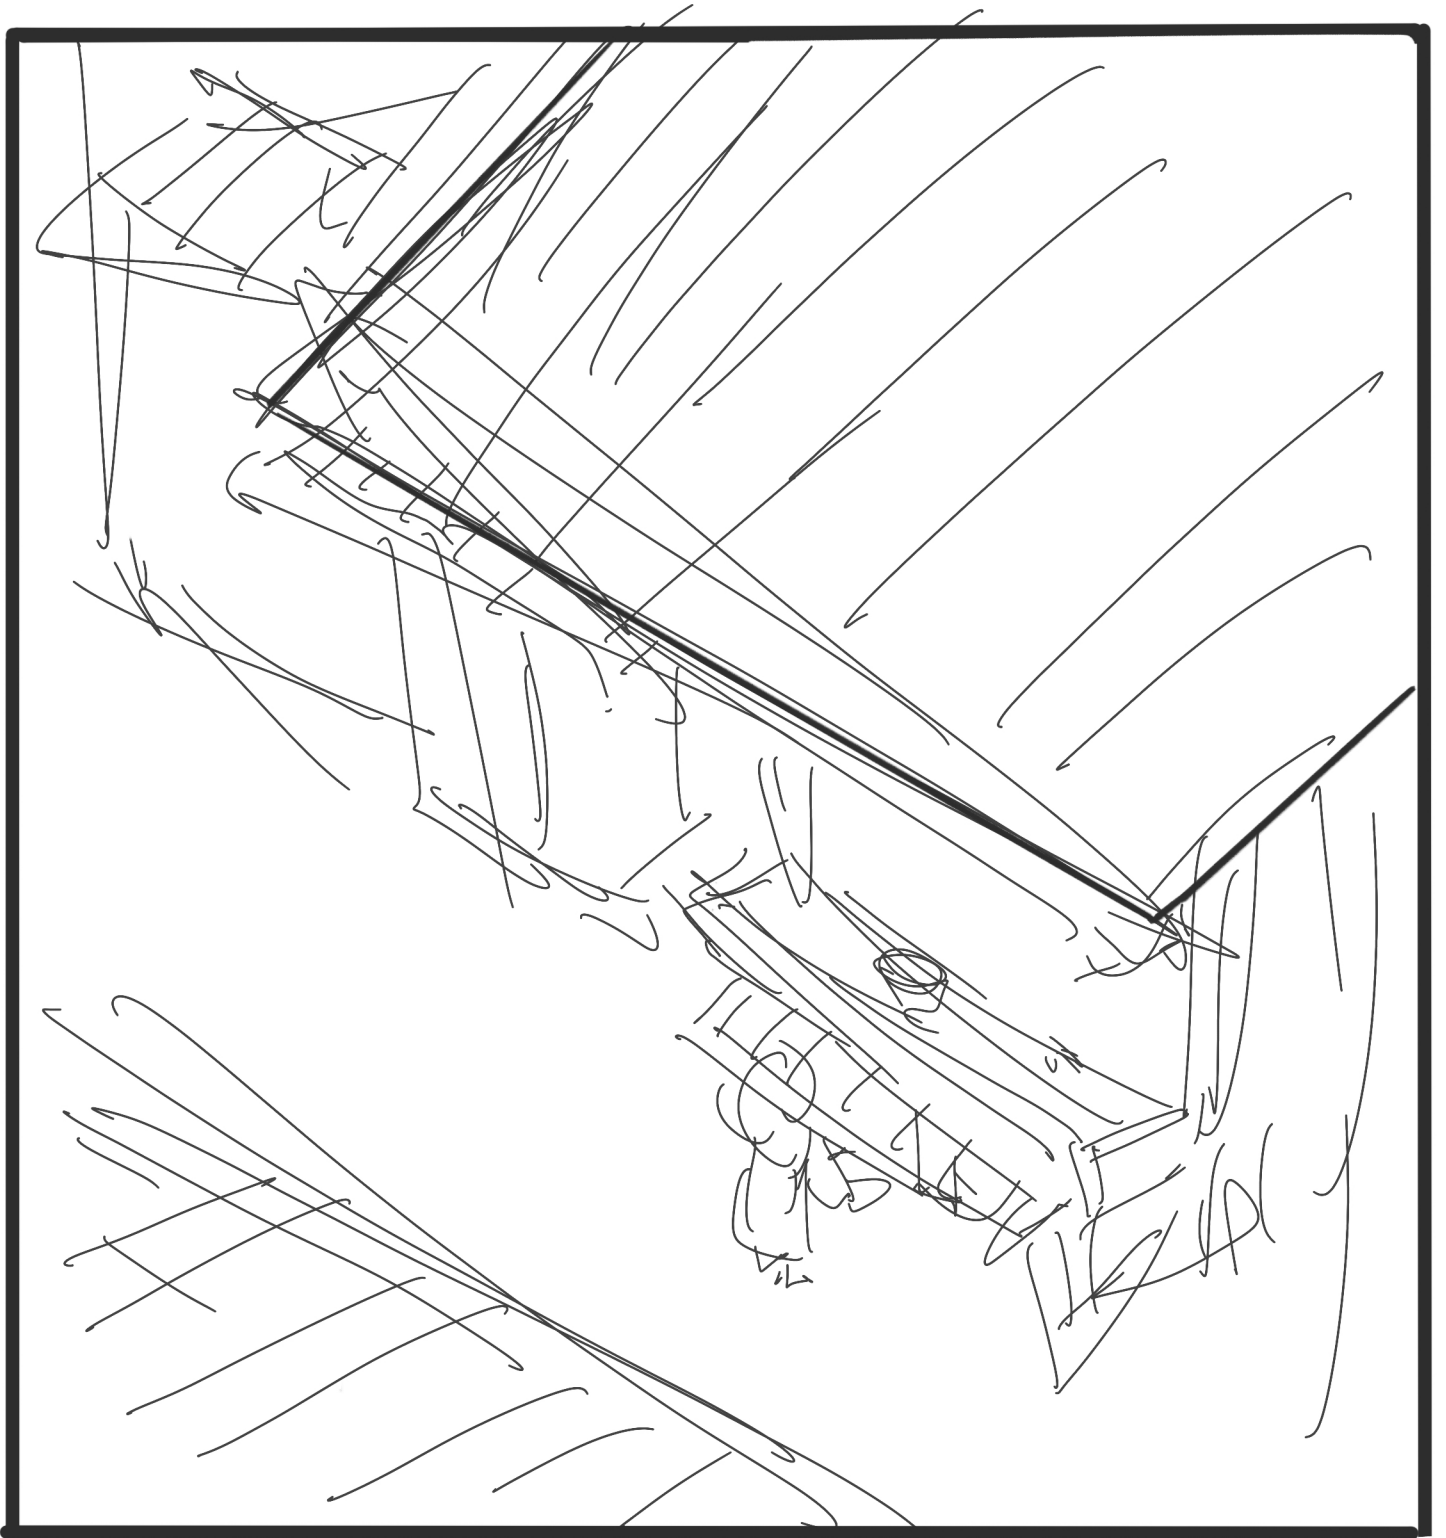

The spirit animal will share their ability and power with their partner, and every people will only have one spirit animal throughout their whole life.

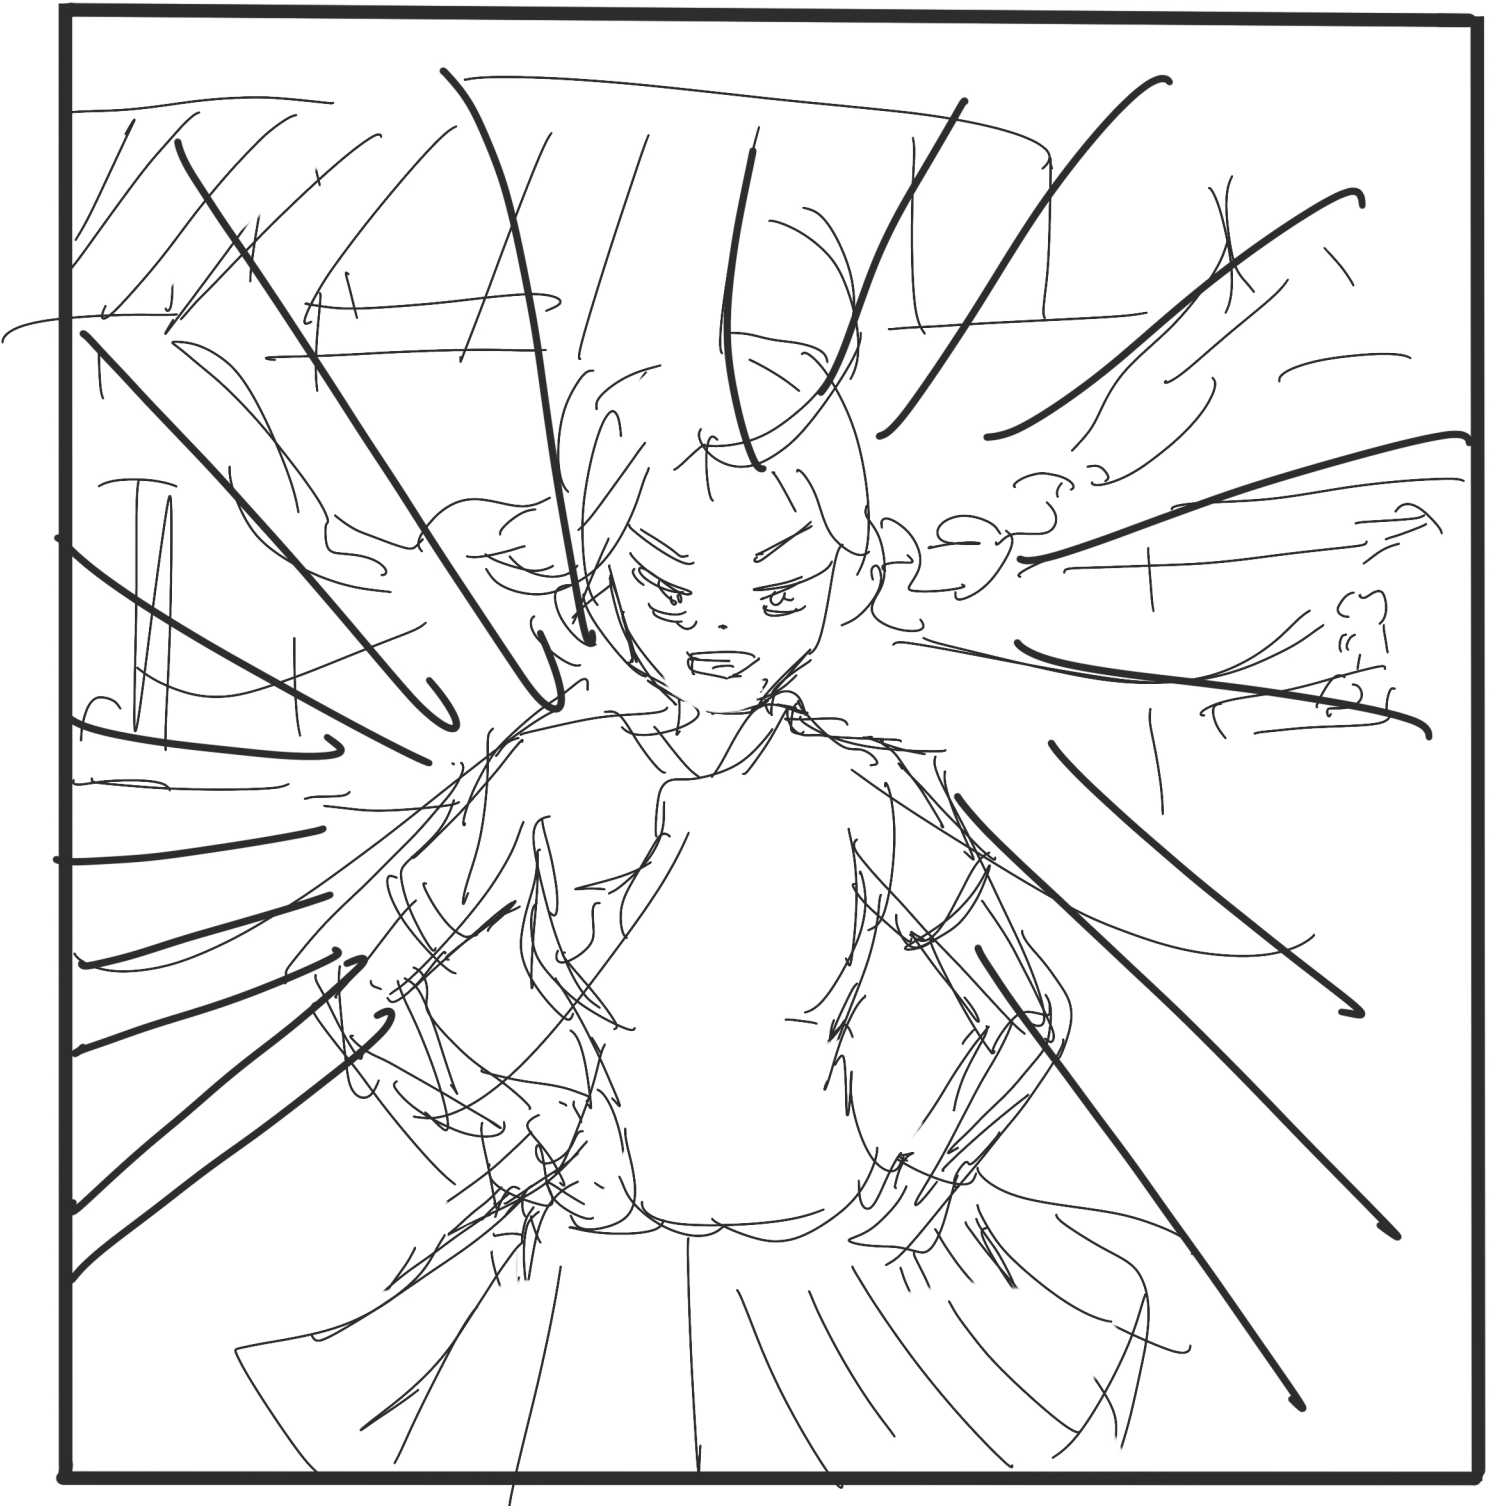

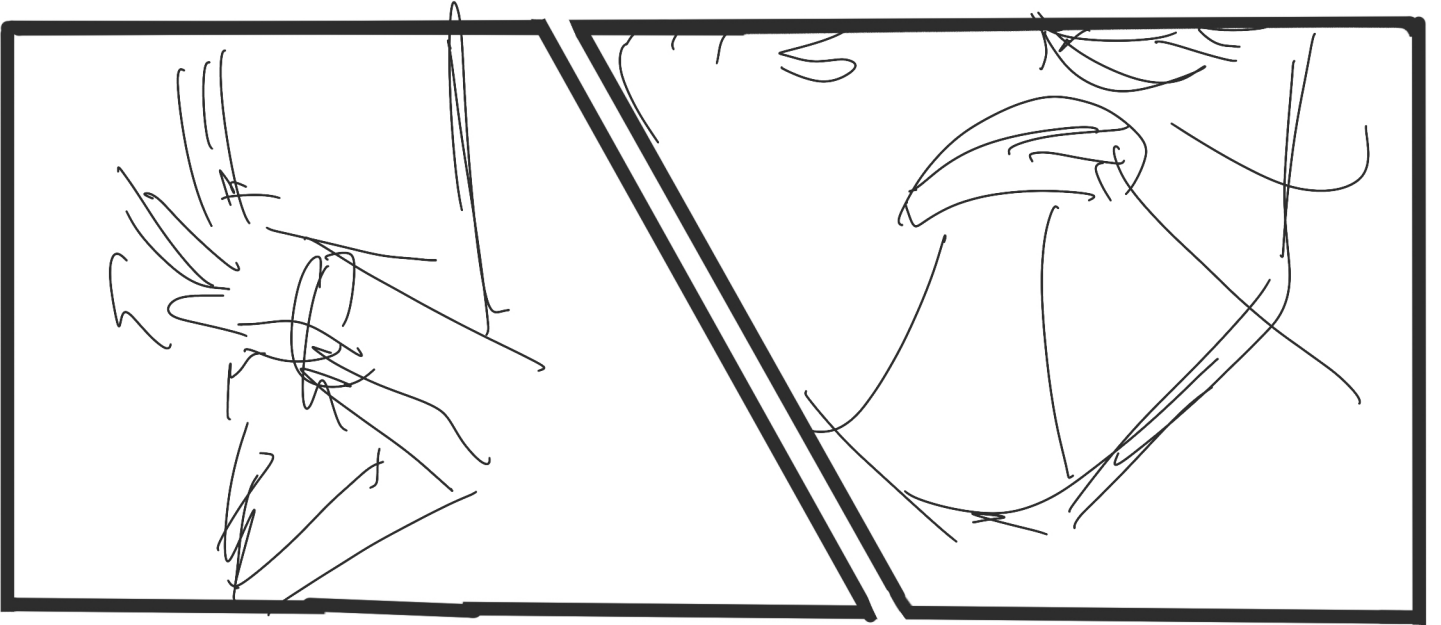

And their
story,
starts from here.

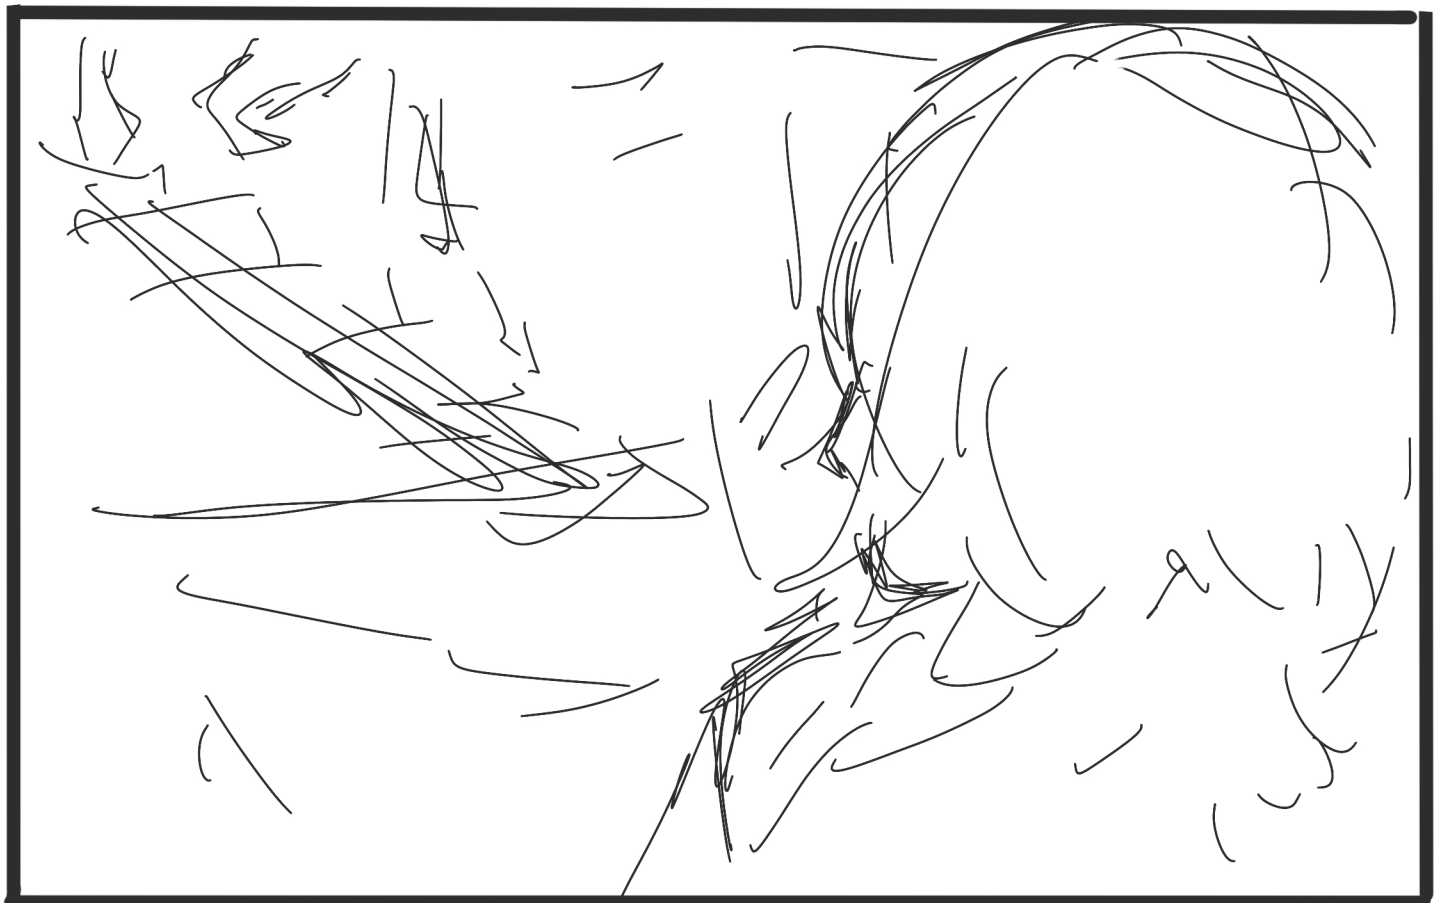

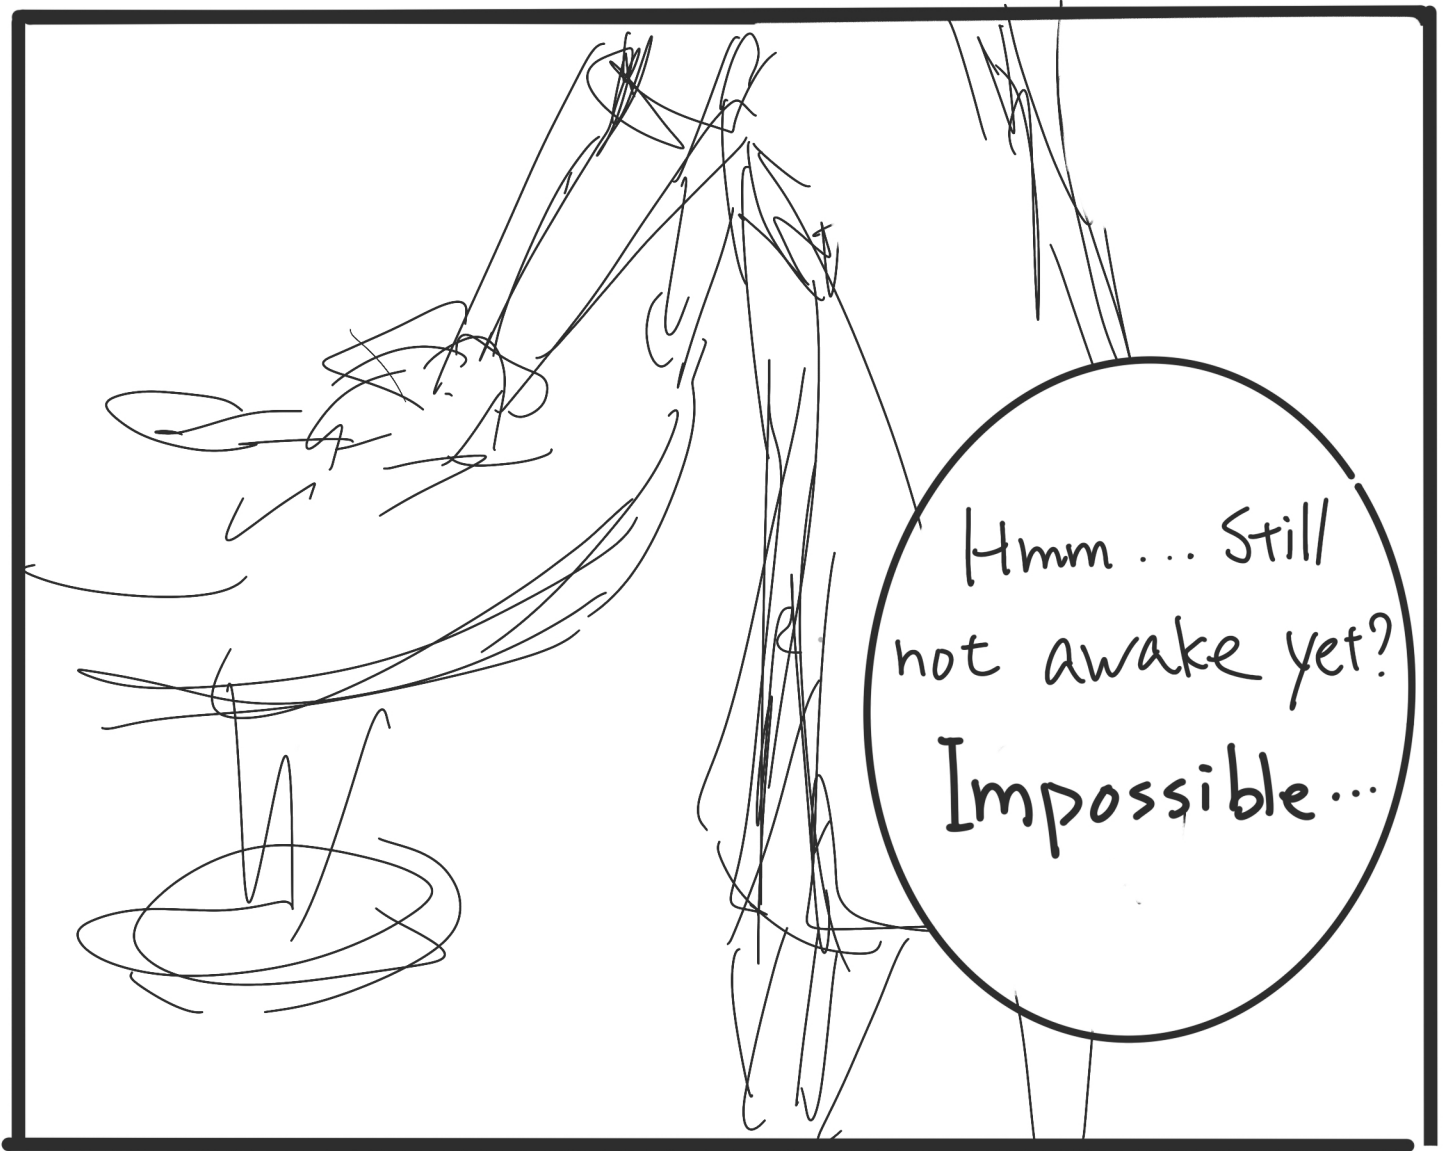

(抄写)

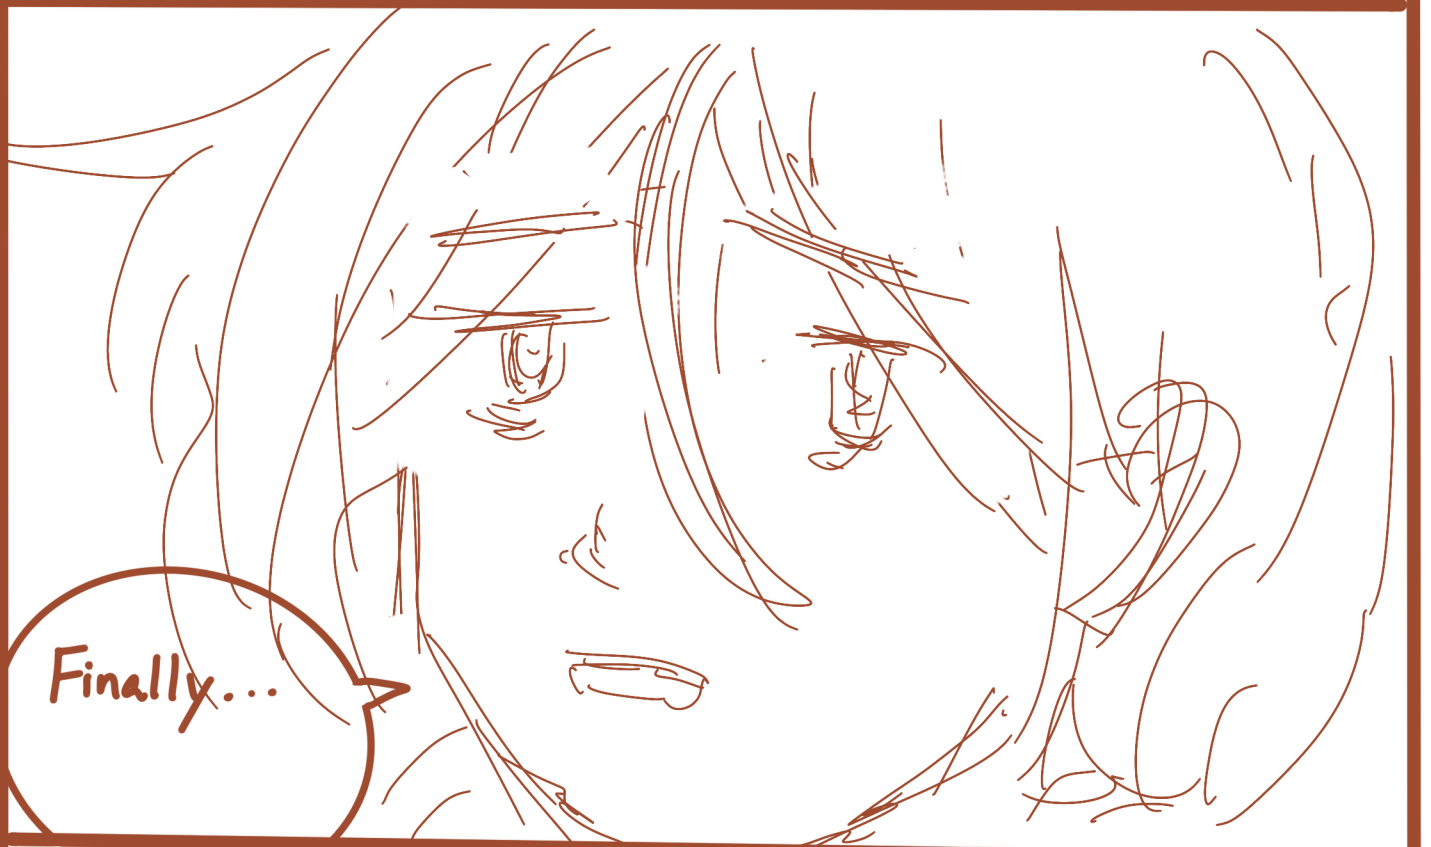

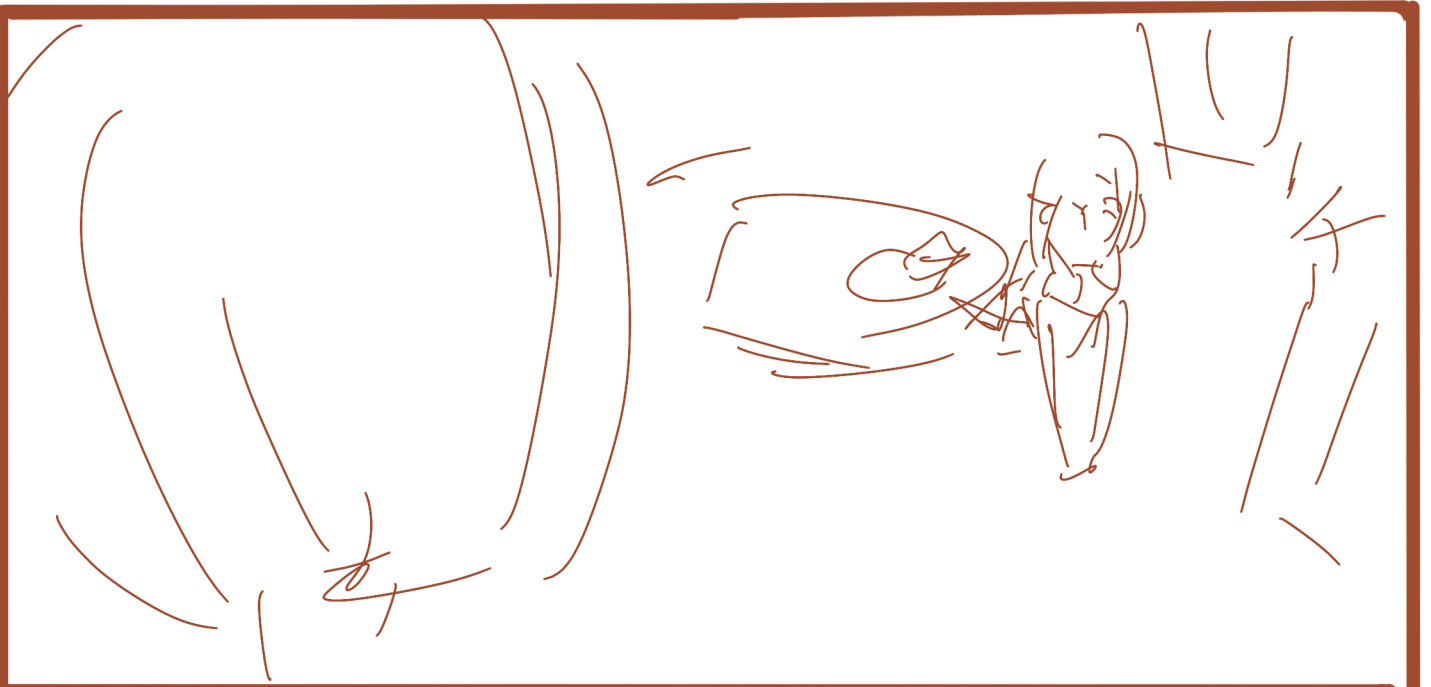

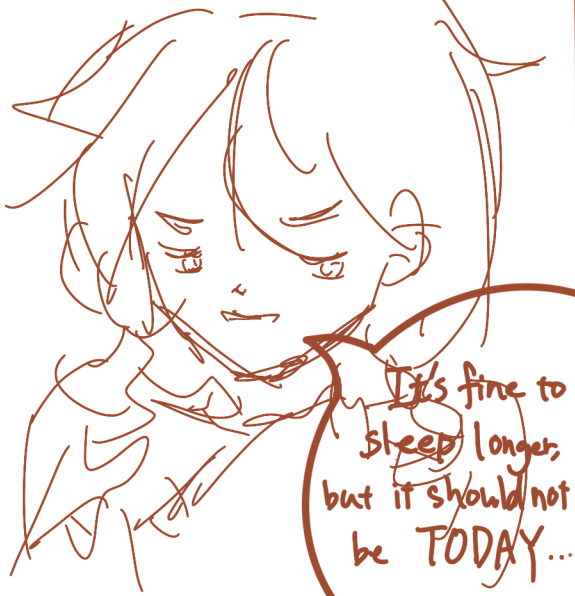

Morning! And
Sorry —
I'm late again
today.

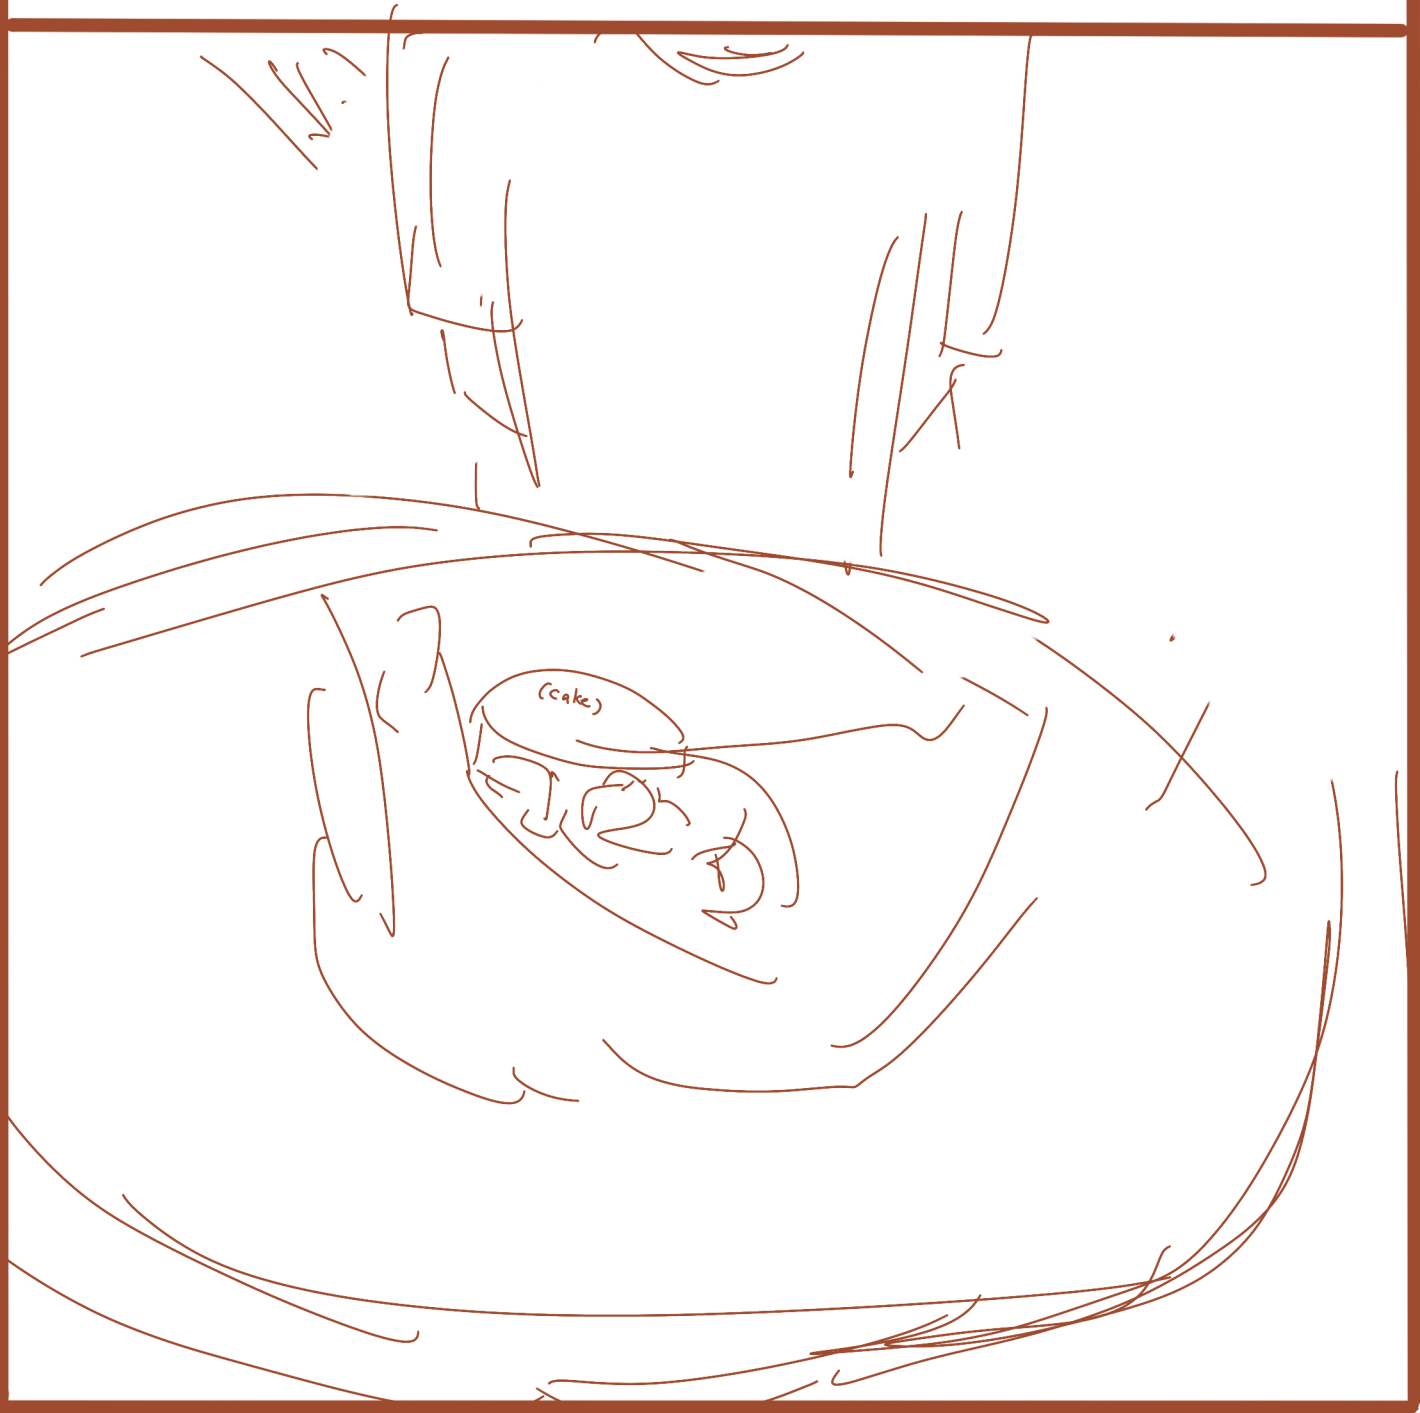

It's fine to sleep longer, but it should not be TODAY...

CAKE?!

Ehh... Sorry, what day is today?

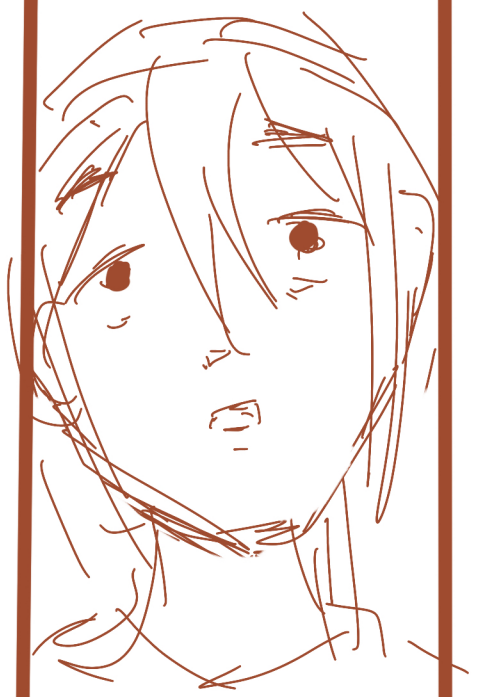

Excuse me,
did you forget
what today is
???

It's definitely
not her birthday...

And not
mine

wait...!

Today is the day!

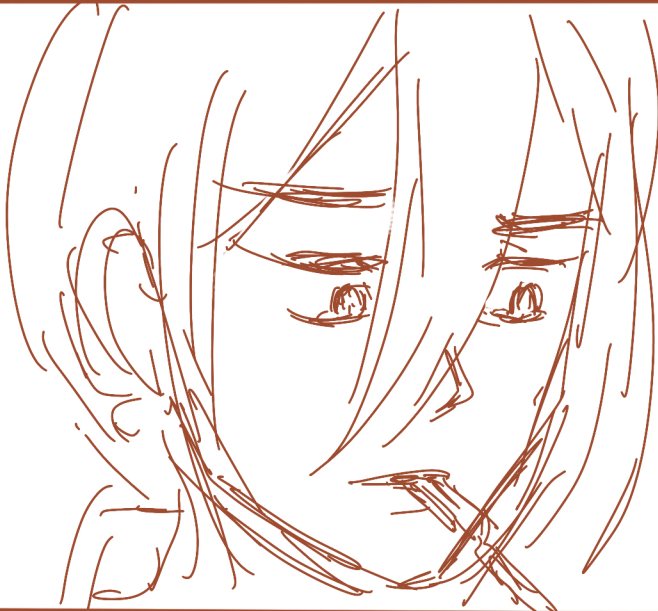

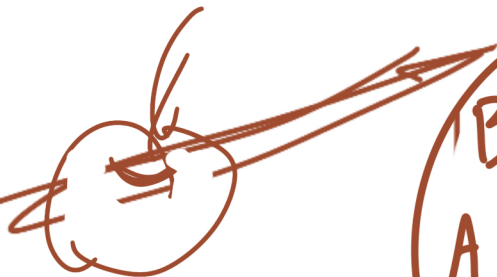

I know,
you might think
that's unnecessary
to our life.

And you
might think it's
better to live without
the power and
the spirit animal.

But it is
A CHANCE

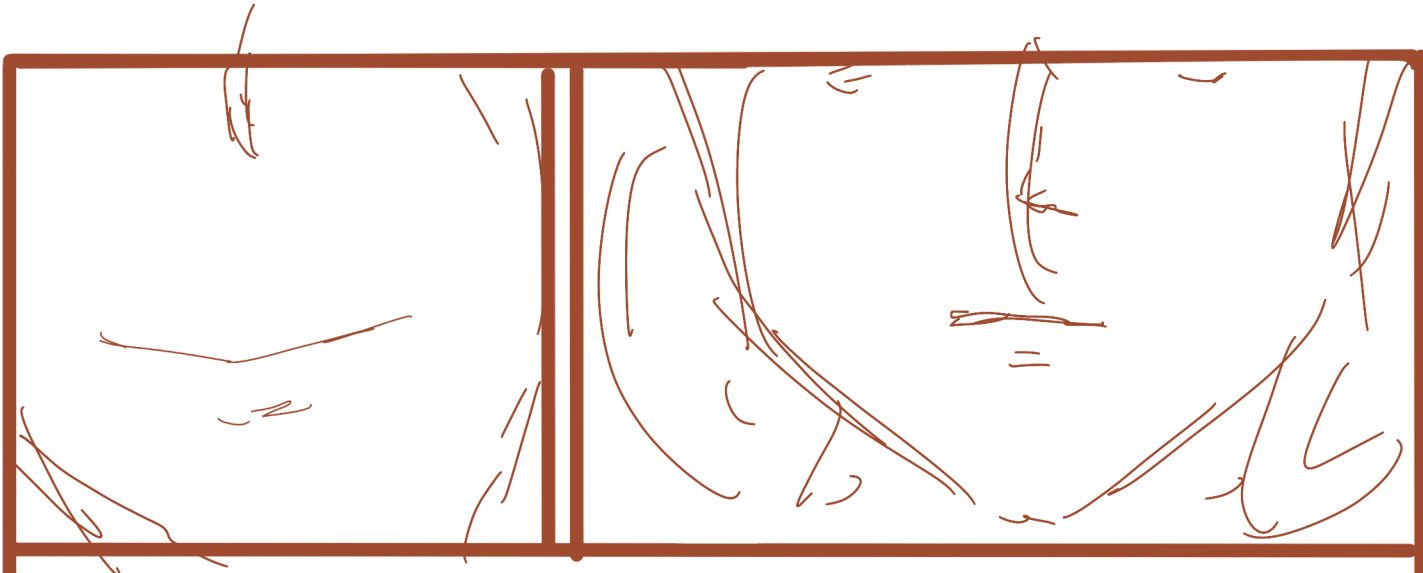

Hopefully I'll
be back before
lunch.

Good luck!
